Quality Policy

Troy Chemical Industries, Inc., recognizes that product quality is the cornerstone of our business and, therefore, pledges to provide safe and reliable products that meet customer and regulatory needs and requirements applicable to manufacturing, quality assurance, packaging, labeling and shipping. Acceptance of this responsibility throughout the company is essential.

The Quality System is structured to provide the framework to establish and review quality objectives regarding product integrity, quality, safety, reliability and environmental impact.

Troy Chemical Industries, Inc. shall determine, collect and analyze appropriate data to demonstrate the suitability and effectiveness of the quality management system and to evaluate where continual improvement of the quality management system can better serve our customers.
